# ASHEVILLE, N. C

ASHEVILLE, N. C.

[Special to The Times-Dispatch 1]

ASHEVILLE, N. C., September 9—
With the announcement that the
threatened railroad strike had been
averted, the trains running into Asheville again are filled with visitors, and severy prospect points not only to the
lengthening of the present summer
scason, but a continuous autumn and
winter season, merging together, and
more than fulfilling the reputation of
Asheville as both summer and winter
resert. Reservations at Grove Park
lun and other leading hotels indicate
practically the heaviest crowds of the
scason during the month of September,
and only a slight falling off for the
menth of October. Asheville is gayer
right at the present time than it has
been at any time during the summer.
September is giving every prospect
of living up to the reputation of August—as a dance month. The moderately warm days, which give the
visitors a chance for all serts of outdoor sports, are followed by cool nights
that make dancing a pleasure here.
All the hotels are giving the usual
dances, with the usual Saturday night
dinner dance at Grove Park Inn as the
himax of the week's pleasures.

The Manor is planning a special
dapanese dance for next Tucsday night

The Manor is planning a special lapanese dance for next Tuesday night, witch will serve as an introduction to the centing autumn season, and other big dances are being planned by the hetels for the benefit of the visitors in the city.

Society turned its attention to the dependent farmilles of the national guardsmen now at Camp Glenn during the past week, turning out in large numbers for the tea dance and concert given for their benefit. Mrs. Green W. Vanderbilt and Mrs. Harald Rees, of New York, took sprominent parts in promoting the entertainment, in which Miss Lillian Emerson, the gifted child dancer; Miss Helen Pugh, the seven-year-old pianist, and Miss Heurietta Briggs, daughter of Dr. and Mrs. H. H. Briggs, a splendid too. Mrs. H. H. Briggs, a splendid toe dancer, took part. A large sum was

Grove Park Inn gave a special musi-cal program and dance on Labor Day for the guests at the inn, and served a special dinner that night in honor of the holiday. The nightly concerts, together with the two special reels of motion pictures shown each night, and informal dancing afterwards, are making the inn a popular place in Asheville, not only for the visitors, but for Asheville society as well.

#### Make Weaning Time Easy For You and the Baby

You have brought your baby safe and serene to the time when he must be weaned. And as he dabs about with his little fists, you think sadly of the hard and weary days before you.

But weaning time can be so easy for you and easy for the baby. It need not even ruffle the rose leaf color in his cheeks.

Just change him from your own milk gradually, one feeding at a time, to something so like your breast milk that his tiny body will feel no change or shock. Your baby will slip easily into the use of

because Nestle's is the nearest thing to mother's milk that doctors and

of course, if your baby can't have your own milk, he must have milk in some form. Since raw cow's milk is heavy and full of sickness, your baby will have to have cow's milk so changed that it will be saie for him. Cow's milk is the basis of Nestle's, but is the milk from healthy cows and clean dairies. It is modified under the watchful care of doctors and scientists so that the heavy parts are modified. All danger of sickness is taken out. It is redu ed to a powder, packed in an air-tight can, and reaches you always fresh, always pure. No hand has touched it, no germ can reach it.

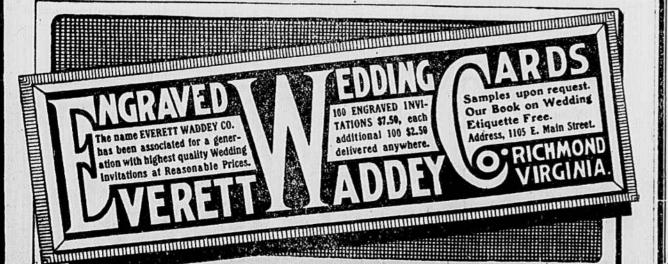

No matter how careful you are at home, you could not modify your baby's milk as carefully as scientists have modified it for you in Nestle's. You cannot free it from germs as Nestle's does. You cannot add so scientists have given to the world.

exactly, just the fats, proteids and car-bohydrates your baby needs to build a healthy, round, sturdy body.

Nestlé's is a complete food, so you add only clear water, boll one minute and it is ready.

Send the coupon for a sample can (enough for 12 feedings) and see how Nestle's makes him happy

#### Why Society Women Wash Their Own Hair

Few realize how many society women now wash their own hair not because it is a fad, but because they wish to obtain the greatest they are not using anything harm-ful. The thousands who have found that in washing the hair it is never wise to use a masshift, but is always advisable to use a preparation made for shampooing only, say they get the best results from a simple home-made canthrox mix-ture. You can enjoy this, the best that is known, for about three cents a shampoo by getting some canthrox from your druggist, and dissolving a teaspoonful in a cup of Your shampoo is not After its use the hair solved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair
